

### Letter From The Executive Director

Dear BBCIC Participants and Supporters,

Cooler temperatures remind me of one thing: AMCP Nexus!!!

We are busy preparing for the upcoming Nexus meeting on October 27-30 when we will be back in National Harbor for what is shaping up to be a great program! As part of the AMCP Research Institute, BBCIC will be participating in the RWE Arena – a new, themed, theater that will be located in the Expo hall. We are curating an exciting slate of content across a variety of real-world data (RWD) and real-world evidence (RWE) topics.

Please come see us and join in the RWE discussion on Tuesday, October 28th between 12:00pm and 4:00pm and Wednesday, October 29th between 10:00am and 2:00pm. The full agenda of speakers and topics will be posted on the Nexus agenda and on site.

Looking forward to seeing you there!

# BBCIC at AMCP Nexus 2025 in National Harbor, MD!

Come visit us at Booth 313 in the Expo Hall! We will have a treat to offer during Tuesday's opening night reception!

We will also have four poster presentations on a few of our projects at the conference!

1. Scott Myers from PearlDiver and Komal Kumar from Temple University will each present a poster on our COVID/IBD project.

- Trent Bishop from UNC Eschelman School of Pharmacy will be presenting a poster on our Adherence project.
- Cassie Lynch from the University of Washington will be presenting a poster on our Race Imputation project.

We are looking forward to seeing you in National Harbor!

**About Nexus** 

# **Annual Fall Meeting**

As some of you have noticed, we are not having a BBCIC meeting at AMCP Nexus 2025. We have decided to have a virtual fall BBCIC meeting on November 18 from 12-2pm ET. We are still finalizing the meeting agenda, but we will plan to give updates on our current projects, present our annual participant survey results, and further discuss our 2026 research project plan.

If you haven't received the invitation for the meeting and are interested in attending, please get in touch with Julia at <a href="mailto:jmarsh@bbcic.org">jmarsh@bbcic.org!</a>

### Where in the world is BBCIC Staff?

The next two months are going to be busy for BBCIC Staff! Will we be attending the same conferences? Take a look at where we'll be below. If you're also going to be attending a conference, let Cate, Pam, or Julia know! We'd love to meet up!

November 6-7 at Patient Insight Congress in Bethesda, MD – Cate and Pam will
be attending and presenting two posters. Both posters are under the AMCP
Research Institute, one poster is on the strategies to include the patient voice in

- research and the other is on helping payers to use real-world data to make formulary decisions.
- November 9-12 at ISPOR Europe 2025 in Glasgow, Scotland Cate and Pam will be in attendance. Cate will be presenting a poster on our work for our first FDA grant and Pam will be presenting a poster on the AMCP Research Institute's work with the Precision Medicine Initiative.

## **New Publication**

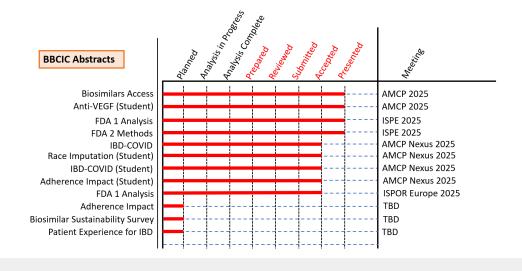

We are pleased to announce that the *Journal of Managed Care & Specialty Pharmacy* has accepted our Switching Study manuscript for publication!

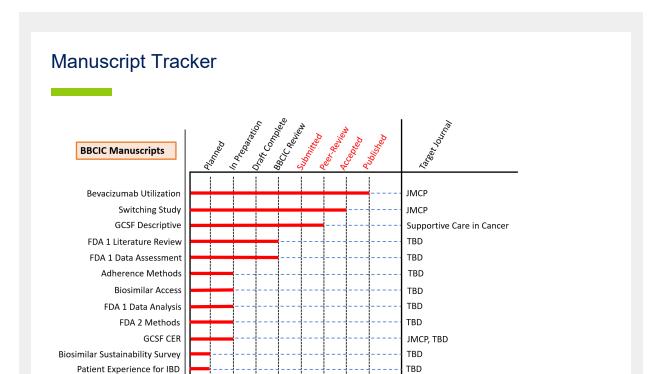

Look out for the "Medication Utilization Patterns among Patients with Rheumatoid Arthritis and Coexisting Autoimmune Conditions" manuscript on the JMCP website soon!

Congratulations to the CVS Team for leading this project!
